# INSPIRING NATURE

Taking yesterday's beauty and tomorrow's sustainability - we create inspirational designs that gives you least of the worries. Impactful designs with naturalness are our highlights in each of our PVC Products. We are creating products that are not only long lasting but also eco-conscious. We love that sense of balance. In a bid to get closer to nature by saving trees and saving the environment - Rama PVC Laminates have been crafted with care. That's the complete essence of the range of Rama PVC Laminate products catalogued here.

## ABOUT COMPANY

15 Years and we are still super-charged!

It took us time, technology and tenacity to create impactful solutions with PVC products and their designs. RAMA PVC Laminates is in the forefront of innovations of Real Plast. Blending incredible designs with Real Plast, Eva Bond and Decor Plast into creative solutions-based applications; our world-class products exude confidence of 15 years. We are ISO 9001: 2015 Certified Company.

Our great state-of-art manufacturing unit at Tappur, Gujarat is incorporated with updated infrastructure, revolutionary imported machinery, highly skilled employees assisted with quality-control and process-driven systems of manufacturing and distribution.

These are mainly seen in our primary focus products like PVC laminates, PVC Marble sheets and 3D Panel. All our products are recyclable, sustainable and durable.

Bringing all these together, we ensure that our customers expectations are highly matched. Contemporary trends and design applications gives us better leads on the customer perspectives which we have always been able to fulfill sustain-ably.

## VISION

"Experience makes sense of our past, brings in clarity of purpose for today and creates sustainably lasting vision for future."

With highly cohesive and optimized value chain we have the ever impactful vision to "create a better tomorrow everyday" for our customers and employees. We, firstly are aiming to be the best version of ourselves every year. Secondly, we are looking at the futuristic vision of a better world with high usability of our products that are inherently designed to be environmentally friendly.

## MISSION

Everyday is a challenge to do our best and until that isn't done - we never rest. At RAMA PVC Laminates we believe in creating value everyday in every order and communication. This then gets added up and corroborates with our vision to excel. Each day for us, hence, is a mission into being the best in each sphere of our work.

Smooth Edge Finish

PVC LAMINATE

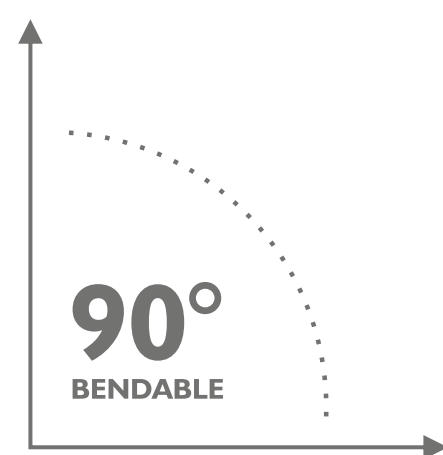

# 90° BENDABLE

TECHNOLOGY

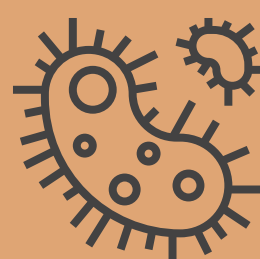

Don't you hate the harsh & cheap looking edges of kitchen cabinets, wardrobes, beds, etc?

Then sit back and relax, we have found a solution for this problem. Use our PVC 90° Bendable PVC laminates and forget the visible edge joints. With 90° bend PVC laminates you can simply bend the PVC laminates and give your interiors a stylish & adorable looks.

You can simply use V-Groove Cutter by giving a groove of 0.6 mm to 0.7 mm for bending the sheet up-to 90 degrees.

**Anti-fingerprint**  
Leave no fingerprints.

**Anti-bacterial**

for every decor

Vividness

# LUSTER SERIES

All that glitters in the picture actually shines in reality! Our luster series are not only a steal but they are a great alternative to steel too. With a glassy feel - these laminate series evoke a great shine value. Why add in any metal in furniture or spaces when you can get wood finish design that not only is classy but also stays glued long-lasting?

brings in clarity of purpose for today

## PREMIUM WOOD SERIES

Gather all the woods and smell them deep. Those who love the natural colors of the wood can vouch for this Premium Wood series. The textured effect of the wood is greatly imposed on the laminates thereby giving you a perfect excuse to 'log' up your space with more wood without worrying about them.

Finesse

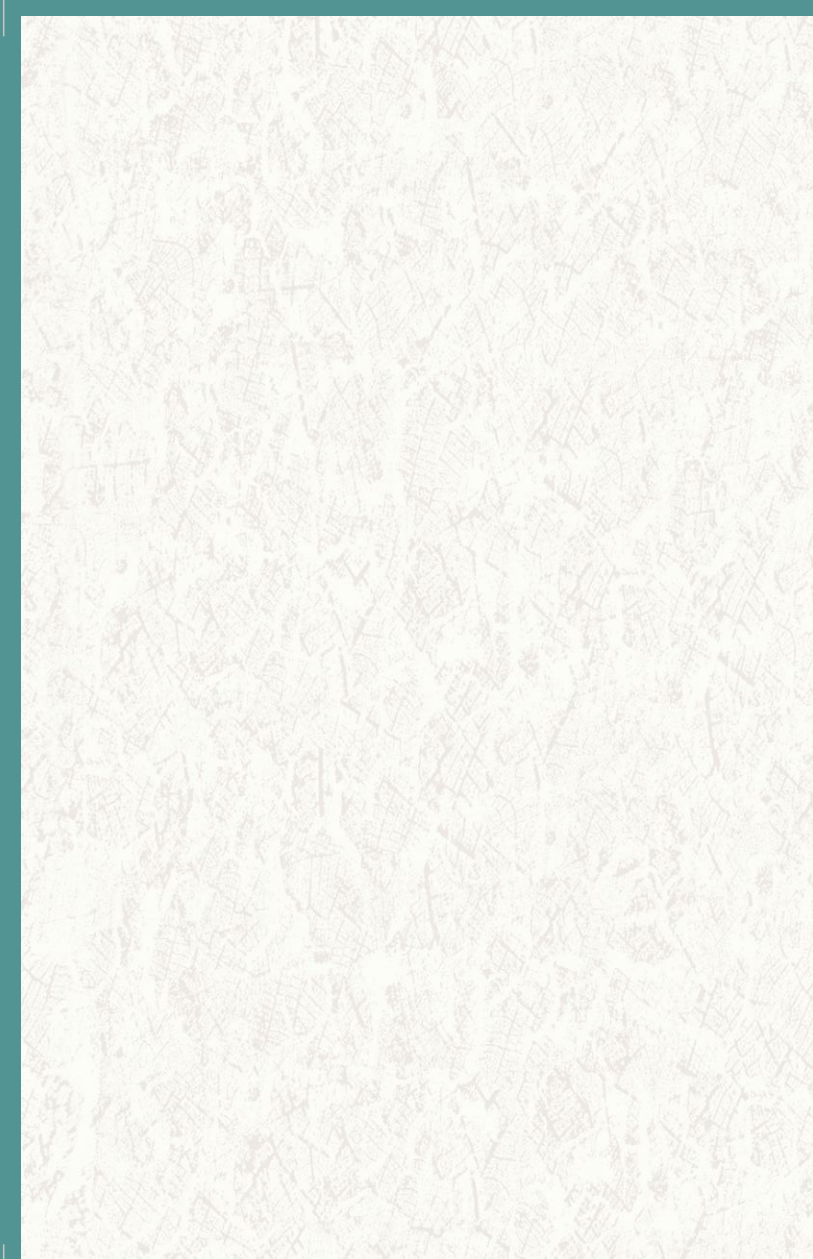

# FABRIC SERIES

Blending wood and fabric can be quite a task but when both are together it makes camouflaging last! A lot of times we have noticed that interiors need to be mixed and matched and there are difficulties in wood being - just wood. With our fabric series laminates you get to mix your decor and furniture extremely well to create a matched or perhaps a contrast look and yet the texture is well coordinated throughout.

## TECHNICAL SPECIFICATIONS

### PRODUCT INFORMATION

Thickness	:1.2mm
Standard Sizes	:1220mm X 2440mm
Sheet Options	:Length : Any (on order) Width :1220mm
Range	:These Elegant PVC Laminates come in a wide range of design, colours and finishes.

### CUSTOMIZED SIZES AND SHADES CAN BE DEVELOPED ON REQUEST.

**Adhesive :** These laminates are easy to apply with the standard laminating system, including most of the conventional water and solvent based adhesives normally used with plastic laminates. We DO NOT recommend the use of heat activated adhesives.

**Lamination :** Proper substrates must be used and careful bonding procedures must be observed. Substrates should be of good quality plywood, PVC Board high density particle board, or high quality fiber board. The face of the substrate must be smooth and free of grease, wax, dust, chips and other foreign matter. We DO NOT recommend any kind of coat like PU base, melamine, lamination (wax) on our products.

**Cutting & Machining :** These laminates can be cut by using sharp diamond blade cutter only. We recommend the use of smooth file to feather all corner edges.

**Bending :** Kindly use V-Groove cutter to bend the sheets at 90°. For any difficulty please contact RAMA.

**Maintenance :** Any cleaning agent containing acids, alkalis or abrasive should NOT be used to clean the laminate. Exposure to sunlight should be avoided.

**Note :** RAMA warrants that all its products are free from manufacturing defects and perfectly fit for use in normal conditions. In case of any claim, the liability the company's is however limited to the cost of the product only. There may be batch to batch colour variation. The sample swatches only represent the designs, colours and finish. They do not represent the actual thickness.

KINDLY REMOVE THE PROTECTIVE FILM WITHIN 7 DAYS OF INSTALLATION OF LAMINATES.

## PVC 90° Bend Karne ka Tarika

**STEP 1** | आपकी पीवीसी लेमिनेट की शीट को साइज के अनुसार काट लीजिये.

**STEP 2** | प्लाईवुड या पीवीसी बोर्ड को इसपर रखकर साइज की जाँच कर लीजिये.

**STEP 3** | वि-यूव कटिंग की लिए निशान बना लीजिये.

**STEP 4** | वि-यूव कटर से यूव बना लीजिये.

**STEP 5** | अब कोनो को कैची की सहायता से काट लीजिये.

**STEP 6** | वि-यूव के निसान से सावधानी पूर्वक पीवीसी लेमिनेट को 90 डिग्री बेंड कर दीजिये.

**STEP 7** | अब इसे प्लाईवुड या पीवीसी पर अच्छी ब्रवालिटी एडहेसिव से चिपकाइये.
