3D PANEL
EXCLUSIVE COLLECTION

ENHANCE AESTHETICS OF 3D PANELS.

Rama PVC Laminate manufactures Three dimensional panels, with a wide choice of options and the possibility of adapting the designs to the dimensions of each surface.

Our decorative and Design 3D panels use for walls, ceilings and furniture for home, theatres, restaurants, hotels, and all kind of interior projects. our 3D panels are delivered perfectly finished and ready for installation. our complete range of color chart is available here.

3D Panels have the ability to transform any space by adding colour and texture to walls and ceilings it gives a room a real sense of style and taste. These 3D panels are made from PVC that are completely friendly to the environment and fire retardant. As well as adding a modern twist to everyday rooms when covering complete walls these panels can also be used individually as decorative elements in a variety of locations due to the large variety of colours and patterns which portray a three dimensional look that simply enhances.
