At RAMA, we believe every surface tells a story – of creativity, craftsmanship, and care. Our PVC & Acrylic Laminates redefine modern interiors by combining cutting-edge technology with nature's timeless beauty.

From the soft shimmer of high-gloss acrylics to the durable charm of textured PVCs, each sheet is designed to enhance aesthetics while delivering unmatched performance.

ABOUT COMPANY

18 Years and we are still super-charged!

It took us time, technology and tenacity to create impactful solutions with PVC products and their designs. RAMA PVC Laminates is in the forefront of innovations of Real Plast. Blending incredible designs with Real Plast, Eva Bond and Decor Plast into creative solutions-based applications; our world-class products exude confidence of 18 years.

Our great state-of-art manufacturing unit at Tajpur, Gujarat is incorporated with updated infrastructure, revolutionary imported machinery, highly skilled employees assisted with quality-control and process- driven systems of manufacturing and distribution.

These are mainly seen in our primary focus products like PVC laminates, Acrylic Laminate, PVC 3MM HPL Sheet and 3D Panel. All our products are recyclable, sustainable and durable.

Bringing all these together, we ensure that our customers expectations are highly matched. Contemporary trends and design applications gives us better leads on the customer perspectives which we have always been able to fulfill sustain-ably.

VISION

"Experience makes sense of our past, brings in clarity of purpose for today and creates sustainably lasting vision for future."

With highly cohesive and optimized value chain we have the ever impactful vision to "create a better tomorrow everyday" for our customers and employees. We, firstly are aiming to be the best version of ourselves every year. Secondly, we are looking at the futuristic vision of a better world with high usability of our products that are inherently designed to be environmentally friendly.

MISSION

Everyday is a challenge to do our best and until that isn't done - we never rest. At RAMA PVC Laminates we believe in creating value everyday in every order and communication. This then gets added up and corroborates with our vision to excel. Each day for us, hence, is a mission into being the best in each sphere of our work.

SUPERIOR DURABILITY

Engineered for daily life – scratch-resistant, stain-proof, and UV-stable for lasting beauty.

TERMITE RESISTANT

PVC and Acrylic laminates that perform in humid and demanding conditions without swelling or warping.

EASY TO MAINTAIN

Effortless cleaning and minimal upkeep make them the designer's practical choice.

TECHNICAL EXCELLENCE

Sizes: 8'x4'

THE COLLECTION THAT SPEAKS DESIGN

RAMA Laminates capture the elegance of natural finishes, luxurious gloss levels, and bold contemporary hues – blending seamlessly into any modern interior vision. Whether it's a minimalist kitchen, a vibrant retail space, or an elegant office, RAMA offers a world of possibilities to express your design identity.

TECHNICAL EXCELLENCE

RAMA Laminates are produced using precision German technology and advanced coating techniques. Each sheet undergoes rigorous quality checks for dimensional stability, bond strength, and surface perfection – ensuring every panel stands the test of time.

Available Sizes: 8'x4' standard format

Thickness: Available in multiple gauges for diverse applications

FLEXIBILITY THAT REDEFINES DESIGN

90% BENDABLE TECHNOLOGY

RAMA's advanced 90% Bendable Technology transforms design possibilities by allowing smooth curves and seamless edges without cracking or breaking.

Crafted with next-generation materials, these laminates combine strength, flexibility, and surface perfection – giving designers the freedom to create fluid, organic forms with effortless precision.

SOFT TOUCH

Softtouch collection anti-fingerprint anti-bacterial PVC laminates are a modern laminate interior option that combines premium aesthetics with high functionality. Made from polyvinyl chloride (PVC), these laminates are affordable, durable, easy to maintain, and water-resistant. They come in various designs and colours, including soft-tone options like forest greys, whites, aqua shades, and browns. The anti-fingerprint coating reduces fingerprint visibility and inhibits bacteria growth on the surface.

TECHNICAL SPECIFICATIONS

PRODUCT INFORMATION

Thickness	:1.2mm & 1.5mm (±0.05)
Standard Sizes	:8ft x 4 ft
Range	:These Elegant PVC Laminates come in a wide range of design, colours and finishes.

CUSTOMIZED SIZES AND SHADES CAN BE DEVELOPED ON REQUEST.

Adhesive : These laminates are easy to apply with the standard laminating system, including most of the conventional water and solvent based adhesives normally used with plastic laminates. We DO NOT recommend the use of heat activated adhesives.

Lamination : Proper substrates must be used and careful bonding procedures must be observed. Substrates should be of good quality plywood, PVC Board high density particle board, or high quality fiber board. The face of the substrate must be smooth and free of grease, wax, dust, chips and other foreign matter. We DO NOT recommend any kind of coat like PU base, melamine, lamination (wax) on our products.

Cutting & Machining : These laminates can be cut by using sharp diamond blade cutter only. We recommend the use of smooth file to feather all corner edges.

Bending : Kindly use V-Groove cutter to bend the sheets at 90°. For any difficulty please contact RAMA.

Maintenance : Any cleaning agent containing acids, alkalis or abrasive should NOT be used to clean the laminate. Exposure to sunlight should be avoided.

Note : RAMA warrants that all its products are free from manufacturing defects and perfectly fit for use in normal conditions. In case of any claim, the liability the company's is however limited to the cost of the product only. There may be batch to batch colour variation. The sample swatches only represent the designs, colours and finish. They do not represent the actual thickness.

KINDLY REMOVE THE PROTECTIVE FILM WITHIN 7 DAYS OF INSTALLATION OF LAMINATES.

PVC 90° Bend Karne ka Tarika

STEP 1 आपकी पीवीसी लेमिनेट की शीट को साइज के अनुसार काट लीजिये.

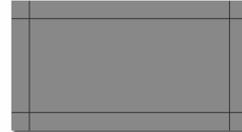

STEP 2 प्लाईवुड या पीवीसी बोर्ड को इसपर रखकर साइज की जाँच कर लीजिये.

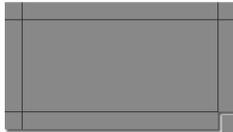

STEP 3 वि-यूव कटिंग की लिए निशान बना लीजिये.

STEP 4 वि-यूव कटर से यूव बना लीजिये.

STEP 5 अब कोनो को कैची की सहायता से काट लीजिये.

STEP 6 वि-यूव के निसान से सावधानी पूर्वक पीवीसी लेमिनेट को 90 डिग्री बेंड कर दीजिये.

STEP 7 अब इसे प्लाईवुड या पीवीसी पर अच्छी क्वालिटी एडहेसिव से चिपकाइये.
